Dear Earl,

We have received considerable favourable feedback on this year's Remembrance Day Ceremony and, as you know, the attendance has grown significantly, even compared to last year's large turnout.

We know that the music plays a large and important part in the ceremony, and are appreciative of the participation of the Cappy Smart Band in making the ceremony more meaningful. It is a privilege to have such an accomplished and high quality band taking part.

Please pass to all your band members, our appreciation for giving of their time and talent to this very important community ceremony in honour of our veterans and their service. Certainly, our ceremony would have been much less meaningful without the band's superb and professional music.

Sincerely,

Bob McLeod, President
Okotoks Branch #291
